### MRS. B. F. SLOAN IS DEAD.

Passed Away Last Wednesday—An Auto-Bicycle Crash.

Seneca, Aug. 8.—Special: On last Saturday afternoon Norman Palmour met with a painful, though it is not thought a serious, accident when coming to town on his wheel and collided with an automobile driven by Homer Ballenger. The accident occurred at the forks of the Walhalla and Richland roads, just above the Blue Ridge crossing. The affair is said to have been unavoidable, inasmuch as the young fellow lost control of his wheel and ran into the car. Mr. Ballenger saw him in time to bring his machine to a halt, or the result might have been more serious. Young Palmour was thrown through the windshield and his face badly cut. He was taken to a hospital in Greenville on train No. 30, and reports from him are most favorable.

News of the death of Mrs. B. F. Sloan, which occurred in a sanitarium at Morganton, N. C., last Wednesday, the 2d inst., at 7 o'clock a. m., was received with great regret here. She was taken suddenly ill on Tuesday and Major Sloan was telegraphed for, but before he reached her bedside the end had come. Mrs. Sloan had spent many years of her life in Seneca, where she was greatly beloved. Before her marriage to Major Sloan she was Miss Ellen Lewis, and therefore was widely connected in the State. She was a woman of many splendid characteristics. Possessing rare intellect and broad intelligence, coupled with fine business judgment, she held the highest esteem of all who knew her. She was also deeply pious, loyal to her church and devoted to her friends. The remains were brought to the Old Stone church for interment on Friday afternoon, where the funeral services were conducted by her pastor. The elders of Seneca Presbyterian church were active pallbearers, and many friends met to pay the last tribute. Mrs. Sloan left no children.

### Mexico Appoints Commissioners.

Washington, Aug. 4.—Eliseo Arrudondo, Mexican ambassador designate, delivered a note to the State Department to-day replying to the last American communication to the de facto government and announcing the appointment of three Mexican members of a joint commission to undertake settlement of border differences. These are stated to be Licenciate Luis Cabrera, Engineer Ignacio Bonillas and Engineer Alberto P. Pani, to whom instructions have been given to devote their attention preferably to the discussion of the points mentioned in the previous note of this department.

Mr. and Mrs. W. R. Rutledge and four children, who so miraculously escaped injury from the recent landslide near Davidson's River, spent Sunday night at the home of R. N. Rankin.

The story of the landslide occurrence as told by Mr. Rutledge is quite interesting and perfectly authentic, but sounds "fishy." When

we hear of the complete destruction of the house, washing some of the family under the house, and floating two children down the river, and yet no personal injuries were sustained, it seems almost incredible, but it is so, "kase you see it in the paper."

The Bounty Land Improvement Association extends to the public a cordial invitation to attend an ice cream sale at Bounty Land school house Monday evening, August 14th, beginning at 7 o'clock. An ample sufficiency of cream will be supplied, delightful music will be furnished, and a pleasant evening is assured. Come, everybody.
